

1. CGGVeritas - Expression of Interest: Weather Forecasting

CGGVeritas

Reference: EOI#2010-01 2010 Laurentian Basin 3D Seismic Acquisition

Issue Date: 3/24/2010

Closing Date: 4/10/2010

In preparation for anticipated work in **the Laurentian Basin blocks offshore Newfoundland and Labrador**, CGGVeritas Services SA a subsidiary of CGGVeritas, is requesting expressions of interest from companies capable of supplying the services described below.

SCOPE:

Supply site specific and route weather forecasting for seismic vessel operating on the Laurentian Basin Blocks offshore Newfoundland and Labrador, including ice monitoring.

TIME FRAME:

Estimated duration: May 1, 2010 - October 15, 2010

Respondents must indicate company name, contact details, key personnel, a brief company profile and summary of related experience. Please reference the applicable EOI number and do not include brochures, handbooks or reports. CGGVeritas will select qualified companies from among the respondents to this EOI.

Responses can be submitted via e-mail, facsimile or regular mail, and must be received by CGGVeritas no later than 1:00 PM Atlantic Time on the specified closing date.

All inquiries and expressions of interest should be directed to: CGGVeritas

Address: CGGVeritas
10300 Town Park Drive
Houston, TX 77072
U.S.A.

Attn: Ben Cart

Facsimile: +1 832 351 8769

E-mail: ben.cart@cggveritas.com

2. CGGVeritas - Expression of Interest: Seismic Guard Vessel

CGGVeritas

Reference: EOI#2010-01 2010 Laurentian Basin 3D Seismic Acquisition

Issue Date: 3/24/2010

Closing Date: 4/10/2010

In preparation for anticipated work in **the Laurentian Basin blocks offshore Newfoundland and Labrador**, CGGVeritas Services SA, a subsidiary of CGGVeritas, is requesting expressions of interest from companies capable of supplying the services described below.

SCOPE:

Guard Vessel required to protect a footprint of towed seismic equipment deployed from 3D multi streamer seismic vessels operating on the Laurentian Basin Blocks offshore Newfoundland and Labrador. Possible Guard Vessel

Duties:

checking survey area for obstructions, fishing gear, iceberg bits search for and recover/tow drifting equipment support MOB/Work boats operations during in-sea equipment maintenance fathometer scouting temperature/salinity checks pro-active communications with fishers and shipping personnel transfers transfer of provisions standby during helicopter operations emergency response assistance

TIME FRAME:

Estimated duration: May 1, 2010 - October 15, 2010

PREFERRED SPECIFICATIONS:

Length 80 – 120 feet Officers experienced with seismic operations and fishing activity Duration at sea 30-60 days minimum GPS Navigation Search Light Compliance with government and oil company regulatory inspections Compliance with CGG QHSE specifications Familiarity with the ISPS (International Ship & Port Facility Security) Code

Respondents must indicate company name, contact details, key personnel, a brief company profile and summary of related experience. Please reference the applicable EOI number and do not include brochures, handbooks or reports. CGGVeritas will select qualified companies from among the respondents to this EOI.

Responses can be submitted via e-mail, facsimile or regular mail, and must be received by CGGVeritas no later than 1:00 PM Atlantic Time on the specified closing date.

All inquiries and expressions of interest should be directed to: CGGVeritas

Address: CGGVeritas
10300 Town Park Drive
Houston, TX 77072
U.S.A.

E-mail: ben.cart@cggveritas.com

3. CGGVeritas – Expression of Interest: Marine Crewing Services

CGGVeritas
Reference: EOI#2010-01 2010 Laurentian Basin 3D Seismic Acquisition
Issue Date: 3/24/2010
Closing Date: 4/10/2010

In preparation for anticipated work in **the Laurentian Basin Blocks offshore Newfoundland and Labrador**, CGGVeritas Services SA, a subsidiary of CGGVeritas, is requesting expressions of interest from companies capable of supplying the services described below.

SCOPE:

Supply Maritime personnel for seismic vessels operating on the Laurentian Basin Blocks offshore Newfoundland and Labrador. The following positions may be required:
Catering Officer Chief Cook Steward Able Bodied Seaman Third Engineer Bosun Fitter Fisheries Observer

TIME FRAME:

Estimated duration: May 1, 2010 - October 15, 2010

PREFERRED SPECIFICATIONS:

Extensive experience in marine and offshore crewing, Ready access to a large pool of qualified Canadian maritime personnel, An understanding of seismic survey operations and Familiarity with benefits reporting to regulatory bodies

Respondents must indicate company name, contact details, key personnel, a brief company profile and summary of related experience. Please reference the applicable EOI number and do not include brochures, handbooks or reports. CGG will select qualified companies from among the respondents to this EOI.

Responses can be submitted via e-mail, facsimile or regular mail, and must be received by CGGVeritas no later than 1:00 PM Atlantic Time on the specified closing date.

All inquiries and expressions of interest should be directed to: CGGVeritas

Address: CGGVeritas

4. CGGVeritas - Expression of Interest: Emergency Response Call Up Centre

CGGVeritas
Reference: EOI#2010-01 2010 Laurentian Basin 3D Seismic Acquisition
Issue Date: 3/24/2010
Closing Date: 4/10/2010

In preparation for anticipated work in **the Laurentian Basin Blocks offshore Newfoundland and Labrador**, CGGVeritas Services SA a subsidiary of CGGVeritas, is requesting expressions of interest from companies capable of supplying the services described below.

SCOPE:
Emergency response call up centre required for the following functions on the Laurentian Basin Blocks offshore Newfoundland and Labrador.
Vessel tracking – must have contact with seismic vessels twice daily. Must be available to receive emergency response calls twenty-four hours a day. Assistance in initiating onshore emergency response team.

TIME FRAME:
Estimated duration: May 1, 2010 - October 15, 2010

Respondents must indicate company name, contact details, key personnel, a brief company profile and summary of related experience. Please reference the applicable EOI number and do not include brochures, handbooks or reports. CGGVeritas will select qualified companies from among the respondents to this EOI.

Responses can be submitted via e-mail, facsimile or regular mail, and must be received by CGGVeritas no later than 1:00 PM Atlantic Time on the specified closing date.

All inquiries and expressions of interest should be directed to: CGGVeritas

Address: CGGVeritas
10300 Town Park Drive
Houston, TX 77072
U.S.A.

Attn: Ben Cart
Facsimile: +1 832 351 8769
